### ***Enhance Your State of Mind with Aromatic Alchemy***

*Aura Infusions* have been developed and handcrafted by a psychotherapist to assist clients in nine common areas of life where people seek support. These formulations bring the dynamic energy of plants and gems directly to your aura by misting them overhead. Immerse yourself in the aromatic pleasure as it saturates your energy field and your olfactory senses!

Each bottle contains a proprietary offering of flower essences, essential oils, gem elixirs and an energetically harmonized Herkimer diamond, which is placed inside each bottle. The synergistic alchemy has been carefully prepared with pure vibrational quality gifts from nature to bring you into balance and embrace your highest state of mind.

Enjoy aromatic spritzers that can bring attitude adjustment for you and your group or family atmospheres!

# Aura Infusions *Enhance Your State of Mind with Aromatic Alchemy*

## **Guardian Angel - *Be a magnet for positive experiences!***

Transmutes negative energies and keeps the aura field clear; helps adults and children feel confident and overcome fears or nightmares. It upgrades the energy at home, work, stores, selling real estate or during events. People use it to work cooperatively together for positive outcomes. It can enhance the effectiveness of other Aura Infusions. Mist overhead to purify and release the effects of stress.

**Now - *Feel centered and aligned with higher energies!*** Brings about a balanced, grounded presence, and attunement with your higher self. The botanicals have been chosen for chakra alignment; will support meditation and energy work. Enjoy the aromatic lift!

**Into the light - *Feel calmer, stabilized and uplifted.*** Restores confidence, lightness and well-being for those experiencing heaviness, weariness, tension, fear and overwhelm. Use with visualization, meditation, breath-work, etc., to connect with your confidence, shore up coping abilities and embody the potency of who you are.

**Focus - *Think clearly!*** A broad-spectrum infusion to assist individuals with functional issues such as attention span, organizational skills, clarity of thought, and memory. It promotes mental coherence for those who tend to feel scattered. Energetically, it supports the ability to balance and maintain cognitive functioning. It is mood enhancing and can provide a purposeful outlook on life. This blend has also been found useful in reducing cravings. Use in the work environment for staying on task. Used by teachers to calm and focus their class, and by parents to assist their children during homework.

**Initiative - *Be motivated and confident!*** Use to Initiate new cycles of creativity and inspiration. This infusion supports your manifestation process by helping you stay engaged and able to take action from conception to completion of a project. Energy can be harnessed from a strengthened sense of self and from your clarity of purpose. This is a useful adjunct to the Focus Aura Infusion. Wear as an energizing aromatic spritzer.

**Spirit of Love - *Open your heart to love and joy!*** A vibrational aphrodisiac. Access the higher energies of spiritual love and sexuality. Improves body-related self-esteem, helps alleviate relationship fears and conflict. Useful for integrating acceptance of self and others, gentleness, and sensuality. A good choice for those working on self-love. Create a loving atmosphere by misting in your home and other environments. Wear as a light body mist.

**Temperance - *Feel your emotions and body calm down!*** This infusion assists the transformation of anger, impatience, frustration and irritation into energy that can then be used constructively. It can bring fast acting relief to help prevent emotional outbursts for yourself or those around you by misting the infusion into the room. Feel the stabilizing effect and notice you are less reactive and feel less vulnerable even when you are hurt, upset or dealing with a challenging relationship. This infusion delivers a vibrational emotional upgrade that helps you improve your communication in difficult situations.

**Intuition - *Be receptive to and confident about working with intuitive guidance!*** High vibration gems, essences and oils harmonize the heart and intellect. Its emotionally stabilizing and promotes receptivity to love and trust. The effect of this infusion is calming and uplifting; it soothes the body and helps reduce stress by introducing a higher perspective.

**Dream Catcher - *Feel comforted*** with this stress-relieving balm for your aura. Drift into a replenishing night's sleep in the mist of this aromatic elixir. Use this infusion to help you regulate your sleep and waking cycles. Its calming and soothing aroma elicits well-being and will cue your body and mind for restful sleep. Use this Infusion as a great bedtime ritual with children to help ease them into dreamland.
